Installing the Koan pieces and SSEYO Koan Web Platinum V2.1

1. Carefully remove the Float CD-ROM from the disk tray and insert into your PC's CD-ROM drive.
2. *Win 3.1(16 bit)*: Select Run from the File Menu of the Program Manager.
Win 95/NT4 (32 bit): Press the Start button on the Task bar and select Run .
3. Choose a SETUP for your system (Win 3.1 = SETUP16 / Win 95/NT4 = SETUP32)
4. Enter the following: *drive*:\SETUP16.EXE or *drive*:\SETUP32.EXE where *drive* is the drive letter of your CD ROM drive, e.g. D:\SETUP32.EXE and then press OK.
5. The Software License Agreement will popup and you must accept it to continue.
6. Choose your installation directory and press Continue. The installation will now take place and a program group/folder will be made for you.

Notes:

- 1) We recommend you keep albums and their pieces in the same directory.
- 2) SSEYO Koan Web Platinum requires that the Windows MIDI Mapper/ MIDI instrument must be set up correctly for use with your soundcard; please follow the instructions given in the manual that came with your soundcard/soundsystem.
- 3) SSEYO Koan Web Platinum comes with a comprehensive online help. Also check out the readme file (READKWPTXT) containing any late breaking information.

Support, serial number and registration

30 days installation support is provided from when you purchase the product. If you contact us you will either need to provide proof of purchase or quote your serial number on the printed License card enclosed. Please remember to return your completed registration card! Further details provided in the on-line help file.
